NPDES Permit No. DE0000299**

Dear Mr. Hudson:

The referenced NPDES Permit will expire on 4/30/2011. In order to continue permit coverage, we must receive a renewal application at least 180 days, or by 11/1/2010, prior to the permit expiration date, per Title 7 Natural Resources and Environmental Control Delaware Administrative Code, Section 7201 Regulations Governing the Control of Water Pollution, Part II 6.10.2(or b).2.

The renewal application forms and instructions are available online at:  
[www.wr.dnrec.delaware.gov/Information/SWDInfo/Pages/SurfaceWaterDischargesForms.aspx](http://www.wr.dnrec.delaware.gov/Information/SWDInfo/Pages/SurfaceWaterDischargesForms.aspx)

Please note, if a complete renewal application is not received in our office by 11/1/2010, your NPDES permit coverage will cease on 4/30/2011, and the facility will be considered out of compliance.

Also note, permits or renewals from other agencies may be required, but are not part of this "friendly reminder" letter. We suggest reviewing all your permit requirements at regular intervals.

If you have any questions or would like to discuss this matter further, please contact me at (302) 739-9946.

Sincerely,

A handwritten signature in cursive script that reads "John DeFriece".
